Disclaimer

While we endeavour to ensure that the information on the Site is correct, we do not warrant the accuracy and completeness of the material on the Site. We may make changes to the material on the Site, at any time without notice. The material on the Site may be out of date, and we make no commitment to update such material. All underlying raw data (tariff plans, number of SIMs, etc.) were collected from public sources. The tariff data are based solely on public information posted on mobile network operator websites. We believe the tariff information posted on mobile network operator web sites to be reliable but no representation is made by us that the raw data used are complete, accurate, fully representative, fully fit for purpose, or were up to date at the time of collection. The data collection team made subjective judgments when translating, interpreting and screening for tariff interdependencies in the mobile network operator web sites. Such subjective interpretations and judgments of tariff conditions, Google translations and of our admission rules were the sole discretion of the data collection team. We accept no liability for omissions, errors or simply for not being able to discover on the mobile network operator website a tariff with lower price that met the admission criteria. We welcome feedback and suggestions from mobile network operators for pre-existing tariffs that meet our qualification criteria and which were not considered in our analysis. The analysis, findings, conclusions and correlations presented in the Site are solely attributable to our subjective interpretations of Google translations, tariff conditions, admission rules and operator labelling rules. The Site also presents data from other public sources such as the European Commission (Digital Scoreboard), OECD, national regulatory authorities and OpenSingal. The Site duly acknowledges the public source of the underlying data in the form of source references included below the charts. The development of the Site is our sole initiative. The Site does not constitute an investment, legal or tax advice and is not intended in any way to give any direct or indirect recommendations regarding current or future stock transactions that any party might undertake after accessing the Site. We make no buy, sell or hold

recommendations regarding the stock of the companies covered in the Site. We are not a certified financial advisory and we are not currently regulated by any financial investment authority. The Site contains certain forward-looking statements that are neither reported financial results nor other historical information. Because these forward-looking statements are subject to assumptions, risks and uncertainties, actual future results may differ materially from those expressed in or implied by such statements. Many of these assumptions, risks and uncertainties relate to factors that are beyond our ability to control or estimate precisely, such as delays in obtaining or adverse conditions contained in regulatory approvals, competition and industry restructuring, changes in economic conditions, currency fluctuations, changes in interest and tax rates, changes in laws, regulations or regulatory policies, developments in legal or public policy doctrines, technological developments, the availability of new acquisition opportunities or the timing and success of future acquisition opportunities. These forward-looking statements speak only as of the date of their publication on the Site. We do not undertake any obligation to publicly release any revisions to these forward-looking statements to reflect events or circumstances after the date of their publication on the Site. The Site does not make, imply or suggest direct or indirect claims of unlawful anti-competitive actions undertaken from any of the operators or operator groups covered herein. The non-competitive practices that our analyses expose are based solely on our views on what market behaviours promote rather than demote competition. The term non-competitive practices shall not be associated, interpreted or confused with unlawful anti-competitive actions under national and European competition law.

Statutory law

The express provisions of these terms are in place of all warranties, conditions, terms, undertakings and obligations implied by statute, common law, trade usage, course of dealing or otherwise, all of which are excluded to the fullest extent permitted by law.

We, any other party (whether or not involved in creating, producing, maintaining or delivering the Site), and any of our group companies and the officers, directors, employees, shareholders or agents of any of them, exclude all liability and responsibility for any amount or kind of loss or damage that may result to you or a third party (including without limitation, any direct, indirect, punitive or consequential loss or damages, or any loss of income, profits, goodwill, data, contracts, use of money, or loss or damages arising from or connected in any way to business interruption, and whether in tort (including without limitation negligence), contract or otherwise) in connection with the Site in any way or in connection with the use, inability to use or the results of use of the Site, any websites linked to the Site or the material on such websites, including but not limited to loss or damage due to viruses that may infect your computer equipment, software, data or other property on account of your access to, use of, or browsing the Site or your downloading of any material from the Site or any websites linked to the Site. Nothing in these terms shall exclude or limit our liability for death or personal injury caused by negligence or fraud.

Applicable law and jurisdictions

The Finnish courts will have non-exclusive jurisdiction over any claim arising from, or related to, a visit to the Site, although we retain the right to bring proceedings against you for breach of these terms in your country of residence or any other relevant country.
